2018 Awards For Outstanding Building Enclosure Projects

Project Awards Information and Entry Forms

GENERAL INFORMATION

- All project submissions will be on display at 2019 BEC St. Louis Chapter events
- Category Winners will be announced at the annual BEC St. Louis Holiday Party on December 13, 2018
- Category Winners will be recognized in BEC publications as well as the winter issue of CNR St. Louis
- Overall Project of the Year Award will be presented to project owner, architect, general contractor, installing contractor and material manufacturer
- Projects submitted do not have to be local to the St. Louis area but must be associated with a St. Louis based firm (architect, contractor, consultant, etc)
- There is no fee for project award submissions

JUDGING INFORMATION

- The BEC St. Louis Chapter Awards Committee has selected Judges from the BEC Kansas City Chapter
- Judges will score project submission, based on a pre-determined grading criteria which includes project size and complexity, design challenges, installation challenges, schedule, and quality
- Judges will not have access to any company and/or product information

PROJECT CATEGORIES

Waterproofing	Air Barrier Systems	Exterior Cladding (masonry, metal panels, etc)	
Roofing	Curtainwall / Glass & Glazing	Overall Project of the Year	

SUBMISSION REQUIREMENTS

- Project submittals are due no later than November 15, 2018
- Submitted projects shall have a Substantial Completion Date between Jan. 1, 2017 & Dec. 31, 2018
- Entry Forms 1 and 2 completed and submitted - *High-resolution photos are strongly encouraged*
- Project submissions can apply for any of the Project Categories as well as Overall Project of the Year
- See Entry forms 1 and 2 for specific requirements
- Project submissions should be delivered electronically to: Mike Rafferty <Mike.Rafferty@ssicm.com>
- See Page (3) of Entry Form 2 for Submission Checklist

SPONSORSHIP OPPORTUNITIES

- Companies will have the opportunity to sponsor Award Categories which will include company name/logo on award plaques presented to Category Winners, recognition at 2018 Awards Presentation, recognition in BEC publications as well as Awards publication in St. Louis CNR. Category Sponsors will also have the opportunity to present the sponsored category award at the 2018 Awards Presentation.
- Category Sponsorships are being offered at \$250 and will be limited to (6)
- To learn more about Award Sponsorships, please contact Corina Moore <cmoore@lunaassoc.com>, or visit our website to claim your sponsorship.

ENTRY FORM 2

The information submitted below will be the information that judges use to score each project submission. Complete this form including and provide any project photos (high resolution photos encouraged). Complete and submit (1) copy of this form to: Mike Rafferty <Mike.Rafferty@ssicm.com>

Name of Project: _____

(please ensure that the project name matches on Entry Form 1 & Entry Form 2)

Project Information

Address: _____

Project Start Date: _____

Substantial Completion Date: _____

Check the Category for which your entry best qualifies:

- Waterproofing
- Air Barrier Systems
- Roofing
- Exterior Cladding
- Curtain Wall / Glass & Glazing
- Overall Project of the Year

General Project and Scope Information

Use the space below to briefly describe the type of project, project delivery method and the scope of work performed as it relates to this submission (i.e. approximate square footage of specific scope)

Design and/or Preconstruction Hurdles overcome

Use the space below to briefly describe any and all design development efforts and/or preconstruction efforts involved with this project and any benefits these efforts provided during construction and installation.

ENTRY FORM 2 (Continued)

Project Schedule

Use the space below to briefly describe the project schedule as it relates to this project submission and any challenges presented by this schedule (i.e. fast track schedule, air barrier scheduled to be installed during winter months, etc.)

Installation Challenges

Use the space below to briefly describe any challenges presented relative to installation and how these challenges were overcome

Other Challenges/Information

Use the space below to briefly describe any other challenges or aspects of your project that make your project unique (i.e. tie-in details, material compatibility, code requirements, energy saving requirements, envelope testing, etc.)

ENTRY FORM 2 (Continued)

Testing

Was any enclosure performance testing performed on this project? Yes No

If Yes, please briefly describe testing specifics (type of testing, testing agency, number of tests, etc)

Project Photos

Provide up to twelve (12) photos (high-resolution encouraged) of your project, showing specific features, views conditions and phases of the submission scope of work. Before, during and after shots are preferred.

Number of Photos Included with submission:

Submitted By:

- Project Owner
- Architect
- General Contractor/Construction Manager
- Material Manufacturer
- Material Supplier
- Project Consultant
- Installing Specialty Contractor

Submission Checklist

- Complete information on Entry Form 1 (required information at minimum)
- Complete information on Entry Form 2
- Project Photos

Entry Forms may be completed and submitted in Excel and/or PDF format. For compatibility purposes, PDF format is encouraged.

Project Photos may be delivered as JPG, PNG or PDF files

If individual or combined size of Project Photos is greater than 20MB, provide as Compressed (zipped) file or provide link to web-based platform where photos can be downloaded.

**Send completed Entry Forms & Project Photos to:
Mike Rafferty <Mike.Rafferty@ssicm.com>**
